Certificates

• Java Programming Virtual Internship AICTE	Nov 2023 - Jan 2024
• Web DevelopmentIntern AICTE	Oct 2023 - Nov 2023

Projects

That's My College	Apr 2023 - Jan 2024
--------------------------	----------------------------

Developed in react, a fully secured website with extensive use of APIs

- 1.Developed an intuitive and responsive college project frontend using React.js, prioritizing user-centric design fo seamless interactions.
- 2.Orchestrated the integration of a robust backend system, optimizing data processing and storage for enhanced overall project efficiency.
- 3.Successfully combined React.js frontend with a strategic backend, resulting in a dynamic college project showcasing technical prowess and commitment to excellence.
- 4.Engineered scalable solutions within the project architecture, ensuring adaptability to future enhancements and maintaining optimal performance.
